## RESOLUTION.

## TARIFFS.

*Delhi, the 3rd April 1926.*

*No. 260-T. (64).*—The attention of the Tariff Board is drawn to the fact that the Steel Industry (Protection) Act, 1924, will expire on the 31st of March 1927, and it is requested to re-examine the measure of protection afforded to the various articles covered by the Act and by Act VIII of 1926. It will report in respect of each class of article whether it is still necessary to continue protection, and if so, whether the measure of protection now given should be increased or diminished or whether the form of the protection given should be altered. In making its recommendations, the Tariff Board will take all relevant considerations into account, including that stated in part (b) of the resolution adopted by the Legislative Assembly on the 16th February 1923, and if it thinks that in any case the assistance required can most suitably take the form of bounties, the source from which the money for the bounties can be obtained should be discussed. In dealing with the Tinplate industry, the Board will bear in mind its own observations in paragraph 31 of Chapter IV of the second portion of its First Report. The Board will also be at liberty to examine the claims for protection of industries making steel products which do not come within the scope of the present Act and to report whether having regard to the principles laid down in paragraph 97 of the Report of the Indian Fiscal Commission, such claims should be admitted.

2. Firms and persons interested in the steel industry or industries dependant on the use of steel, who desire that their views should be considered by the Tariff Board, should address their representations to the Secretary to the Board.

3. The Government of India are specially anxious that the Tariff Board's report should be submitted not later than 15th October 1926.

**ORDER.**—Ordered that a copy of the above resolution be communicated to all Local Governments and Administrations, all Departments of the Government of India, the Director-General of Commercial Intelligence and Statistics, the Indian Trade Commissioner in London and to the Secretary, Tariff Board.

Ordered also that it be published in the *Gazette of India*.

Delhi, the 23rd March 1926.

No. 240.—In exercise of the powers conferred by section 10 of the Indian Emigration Act (VII of 1922), hereinafter referred to as the Act, the Governor General in Council is pleased to issue the following notification in the form in which it has been approved by both Chambers of the Indian Legislature:—

Emigration to British Guiana for the purpose of unskilled work shall be lawful with effect from such date as the Governor General in Council may with the concurrence of the Governor of British Guiana notify in the *Gazette of India* on the following terms and conditions, which shall thereupon become operative:—

(1) The family shall be the unit for the purposes of emigration. Not more than 500 families shall be permitted to emigrate and the number of persons included in the said 500 families shall not exceed 1,500.

(2) The emigrants shall either have been recruited by a person licensed for that purpose by and responsible to an officer (hereinafter called the Emigration Commissioner) appointed by the Government of British Guiana, or have applied direct to the Emigration Commissioner for an assisted passage and have been accepted by him.

(3) No part of the cost of his recruitment or subsistence during transport shall be recoverable from any emigrant and all expenses in this connection shall be borne by the Government of British Guiana or met from funds at their disposal.

(4) The Government of British Guiana shall, at any time when so desired by the Governor General in Council, admit and give all facilities to an Agent appointed under section 7 of the Act.

(5) If at any time there is no Agent appointed under section 7 of the Act, or if the Agent is absent or unable to perform his duties, the Government of British Guiana shall at the request of the Governor General in Council appoint a person to perform temporarily the duties of the Agent.

(6) Prior to the arrival of the emigrants a Settlement Commission shall be appointed in British Guiana to select and prepare suitable agricultural land for the emigrants and generally to supervise their employment. The Agent referred to in clause (4) shall, on appointment, be a member of such Commission.

(7) The Government of British Guiana shall offer to each family for its separate enjoyment a holding comprising not less than five acres of suitable agricultural land prepared for cultivation on the terms hereinafter set out in a locality which shall be healthy and shall have an adequate supply of good drinking water. All expenses in connection with the preparation of the holdings shall be borne by the Government of British Guiana and shall in no case be recoverable from an emigrant.

The annual rent of the holdings shall be fixed by the Settlement Commission at a rate not exceeding the lowest rate paid in the locality.

After an emigrant has been in occupation of a holding for three years, he shall, provided that he has cultivated a portion of the holding either by himself or through some member of his family, be entitled to a grant of the holding on payment at any time during the ensuing four years of such fees not exceeding 24 dollars as may be fixed by the Settlement Commission.

On the expiry of seven years from the date of the commencement of his occupation of a holding an emigrant shall acquire absolute ownership in the holding, provided that he has paid the rent and fees referred to in the foregoing paragraphs of this clause and has brought under cultivation either by himself or by some member of his family half the area of his holding.

(8) An emigrant on arrival in British Guiana shall be housed and maintained without charge by the Government of British Guiana for at least one month.

(9) If any emigrant so requires loans shall be made to him for maintenance, house accommodation, payment of rent and for agricultural purposes generally. Free medical assistance and free skilled supervision shall be provided.

(10) Any emigrant shall be entitled to repatriation at the expense of the Government of British Guiana to the place of his former residence in India on the expiry of 7 years from the date of his arrival in British Guiana.

Any emigrant shall be entitled to repatriation at the expense of the Government of British Guiana to the place of his former residence in India on the expiry of more than 3 and not more than 5 years from the date of his arrival in British Guiana on payment to the Government of British Guiana of half of the cost of his passage from his residence in India to British Guiana.

Any emigrant shall be entitled to repatriation at the expense of the Government of British Guiana to the place of his former residence in India on the expiry of more than 5 and not more than 7 years from the date of his arrival in British Guiana on payment to the Government of British Guiana of quarter of the cost of his passage from his residence in India to British Guiana.

(11) Notwithstanding anything contained in the last preceding clause the Government of British Guiana on the request of an Agent appointed under section 7 of the Act shall repatriate at its own expense and without any payment by or on behalf of the emigrant to the place of his former residence in India any emigrant at any time after his arrival in British Guiana.

(12) An emigrant shall be at liberty at any time after his arrival in British Guiana to take up work or employment other than or in addition to the cultivation of a holding on lease from the Settlement Commission.

(13) The ordinance enjoining compulsory education in British Guiana shall be enforced to the same extent in the case of Indian children as in the case of children belonging to other communities.

(14) Boards of arbitration in regard to wages shall be established before the arrival of the emigrants and Indians shall be adequately represented on such boards.

(15) Any Indian who has emigrated to British Guiana before the date of this notification and under any agreement in force at the date of this notification is entitled to an assisted return passage to India shall not be required to pay more than 25 per cent of the excess in the cost of his return passage and clothing over the cost of such passage and clothing at the time of his first arrival in the colony.

(16) Any Indian who has emigrated to British Guiana before the date of this notification and has at the date of this notification become or thereafter becomes destitute shall be entitled to be repatriated to India at the expense of the Government of British Guiana without being further required to prove that he has become incapable of labour.

(17) The Government of British Guiana shall furnish such periodical reports and returns as may be required from time to time by the Government of India in respect of the welfare of the persons emigrating to the colony in accordance with this notification.

6. Penalty on removal of indication of origin from imported goods.
7. Execution of Act by local authorities.
8. Interpretation.
9. Exercise of powers of Board of Trade under Act.

11. Short title and application.

*A Bill to require an indication of origin to be given in the case of certain imported goods.*

Be it enacted by The King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

1. It shall not be lawful to sell, expose for sale, or distribute by way of advertisement, in the United Kingdom, any goods which bear any name or trade mark being, or purporting to be, the name or trade mark of any manufacturer, dealer or trader in the United Kingdom, not being goods produced or wholly or mainly manufactured therein, unless the name or trade mark is accompanied by an indication of origin.

2. (1) Where the appropriate department within the meaning of this Act, after an enquiry has been held by a committee appointed for the purposes of this Act (in this Act referred to as "a committee") and the report of the committee on the matter has been taken into consideration by the department, is satisfied that it is in the interest of trade in the United Kingdom or of trade between the United Kingdom and any other part of His Majesty's Dominions, that imported goods of any class or description to be used or consumed in the United Kingdom should not be sold unless they bear an indication of origin, His Majesty in Council may, on a representation to that effect being made to him by the department and subject to the provisions of this Act, make an Order prohibiting the sale, or the exposure for sale in the United Kingdom, of imported goods of that class or description unless they bear an indication of origin.

(2) If it appears to a committee to be desirable that any imported goods being foodstuffs should bear an indication of origin at the time of importation, and the committee so reports to the appropriate department, His Majesty may by Order in Council under this section (without prejudice to his powers under the preceding sub-section) make provision accordingly, and if any such goods required by any such Order to bear an indication of origin at the time of importation do not at that time bear such an indication they shall be deemed to be goods which are prohibited to be imported by virtue of section sixteen of the principal Act:

Provided that nothing in the foregoing provision shall be taken to be in derogation of anything contained in the said section sixteen.

(3) If it appears to a committee that imported goods of any class or description to be used in the United Kingdom ought not to be sold unless distinguished from similar goods manufactured in the United Kingdom but that by reason of the nature of the goods it is not practically possible to apply either at all or effectively an indication of origin to those goods, and the committee so reports to the appropriate department, His Majesty may by Order in Council under this section provide that imported goods of that class or description shall not be sold, or exposed for sale, in the United Kingdom, unless they are distinguished from similar goods manufactured in the United Kingdom by some form of distinctive colouring or other variation in their make-up, which shall be different in the

case of goods manufactured or produced in a foreign country and in the case of goods manufactured or produced in a part of His Majesty's Dominions outside the United Kingdom.

(4) A committee shall, from time to time, and as soon as may be practicable in each case, make reports to the appropriate department specifying the classes or descriptions of goods, if any, with respect to which, in the opinion of the committee, an Order in Council ought to be made under this section, and the committee may, if it thinks it desirable, and shall, if so required by the appropriate department, recommend in what form and manner the indication of origin should be applied to the goods, or, in the case of goods to which the last preceding sub-section applies, the means by which the goods are to be made distinguishable.

(5) An Order in Council under this section shall specify in every case —

- (a) the manner in which the indication of origin is to be applied to the goods, or, in the case of goods to which sub-section (3) of this section applies, the means by which the goods are to be made distinguishable; and
- (b) the date (not being a date earlier than three months from the date of the making of the Order) on which the Order is to come into force;

and also, if it relates to goods being foodstuffs, whether the goods are to bear an indication of origin at the time of importation or of exposure for sale wholesale, and any such Order may contain such other provisions as appear to His Majesty to be necessary or expedient for carrying this section into effect.

3. (1) For the purposes of this Act, there shall be two standing committees, of which one (in this Act referred to as "the agricultural produce committee") shall be charged with enquiries

Constitution committees.

relating to agricultural and horticultural produce and the produce of any fishing industry, and the other with enquiries relating to goods of any other kind.

(2) Each committee shall, subject to the provisions of this sub-section, consist of not less than three and not more than five persons, and shall be appointed by the appropriate department.

(3) The members of a committee shall hold office for such period as the department by which the committee is appointed thinks fit, and the department may from time to time fill any vacancies occurring in the membership of the committee.

(4) There shall be paid to the members of a committee such fees or other remuneration as the appropriate department, with the consent of the Treasury, may determine.

4. (1) If any person—

- (a) sells, exposes for sale, or distributes by way of advertisement, any goods in contravention of the provisions of this Act; or

Offences.

- (b) acts in contravention of or fails to comply with any Order in Council made under this Act;

he shall, subject to the provisions of this section, be guilty of an offence against the principal Act:

Provided that in the case of the sale wholesale by a person being a wholesale dealer of any goods other than goods being foodstuffs which by virtue of an Order in Council made under this Act are required to bear an indication of origin at the time of importation or of exposure for sale wholesale, it shall be a good defence to proceedings under this sub-section if that person satisfies the court that the goods were sold to the purchaser on an undertaking in writing that they would either have an indication of origin applied to them in accordance with the requirements of this Act or any Order in Council made thereunder or would be exported or sold for exportation to a place outside the United Kingdom, and any such undertaking in writing if it purports to be signed by the purchaser and specifies the usual business address of the purchaser shall be admissible as evidence of the facts appearing therein.

(2) If any person advertises or offers for sale as being goods of a particular brand or make or otherwise under a specific designation any imported goods of a class or description to which an Order in Council under this Act applies, he shall, if he does not include in the advertisement or offer an indication of the origin of the goods, and subject to the provisions of this section, be guilty of an offence against the principal Act.

(3) Where any person sells, or exposes for sale, any goods of which any imported goods, being goods to which an Order in Council under this Act applies, form a distinguishable part, and that part is reasonably capable of having applied to it an indication of origin in manner required by the Order, he shall, for the purposes of this section, be deemed to have sold, or exposed for sale, that part, and the provisions of this section shall apply accordingly.

(4) It shall not within the United Kingdom be lawful to submit or cause to be submitted to any person samples of goods of a class or description to which an Order in Council under this Act applies unless the required indication of origin is applied to the samples or unless particulars corresponding to the particulars which would be contained in such an indication are communicated in writing to the person to whom the samples are submitted, and if any person acts in contravention of the provisions of this sub-section he shall, subject to the provisions of this section, be guilty of an offence against the principal Act.

(5) A person shall not be treated as being guilty by virtue of this section of an offence against the principal Act if he proves—

(a) that having taken all reasonable precautions against committing such an offence he had at the time of the commission of the alleged offence no reason to suspect that the goods were goods to which this Act or an Order in Council made thereunder applied, and that on a demand made by or on behalf of the prosecutor he gave all the information in his power with respect to the persons from whom he obtained the goods; or

(b) that otherwise he had acted innocently.

5. (1) Before any Order in Council is made under this Act, a draft of the Order shall be laid before each House of Parliament, and if either House within the next subsequent twenty days on which that House has sat next after the draft is laid before it resolves that an Address be presented to His Majesty against the draft or any part thereof, no further proceedings shall be taken thereon but without prejudice to the making of a new draft Order.

(2) An Order in Council made under this Act may, on a representation to His Majesty by the appropriate department, but without any enquiry by or report from a committee, be revoked or varied by a subsequent Order made in accordance with the provisions of this section:

Provided that any such Order shall not be varied by the inclusion therein of any further goods, unless an enquiry has been held by a committee and the committee has presented to the appropriate department a report recommending that an Order in Council under this Act should be made in respect of those goods.

6. If any person removes, alters or obliterates an indication of origin which in compliance with the requirements of an Order in Council made under this Act was borne by the goods at the time of their importation or exposure for sale wholesale he shall be guilty of an offence against the principal Act, unless he proves to the satisfaction of the court dealing with the case that the removal, alteration or obliteration was not for the purpose of concealing the origin of the goods at the time of their sale or exposure for sale.

7. (1) Every local authority authorised to appoint an analyst for the purposes of the Sale of Foods and Drugs Acts, 1875 to 1907, may, so far as relates to any goods being foodstuffs, execute any of the provisions of this Act other than provisions relating to the importation of goods, and any expenses incurred by a local authority under this section shall be defrayed in the same manner as expenses incurred by the authority in executing the provisions of the said Acts.

(2) An officer of any such local authority as aforesaid, if authorised in that behalf by the authority and on production if so required of his authority, may at any time during the hours when the premises are open for the business enter any premises on which he has reason to believe that there are kept for sale and imported foodstuffs to which this Act applies and take samples of any goods which appear to him to be such imported foodstuffs, and any person who obstructs an officer so authorised in the execution of the powers conferred on him by this section shall be guilty of an offence against the principal Act.

8. (1) For the purposes of this Act, unless the context otherwise requires, the following expressions have the meanings hereby assigned to them respectively, that is to say:—

“Advertise for sale” does not include—

- (a) the distribution of general trade catalogues or price lists; or

- (ii) references to exposure for sale in sections one and four of this Act or (unless the Order expressly provides to the contrary) in any Order in Council made under this Act shall not include exposure for sale wholesale by a person being a wholesale dealer.

The same rate will be employed in determining whether any maximum laid down in rupees for the pay of any post, part of which is drawn in sterling, is exceeded.

#### APPENDIX IV.

(See paragraph 14 of the Regulations.)

NOTE.—This Appendix is merely intended to show the principal leave rules in the Fundamental Rules and the Pension Rules at present applicable to Engineers appointed to the Indian Services from the United Kingdom without going into minute details, and does not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Fundamental Rules or Civil Service Regulations for the time being.

#### LEAVE.

(The following rules apply only to officers of non-Asiatic domicile. Officers of Asiatic domicile will be subject to the ordinary leave rules in the Fundamental Rules.)

1. Leave is calculated in terms of "leave on average pay," and the amount of "leave on average pay" which an officer earns is five-twenty-seconds of the period spent on duty.

2. Subject to certain maxima and minima, an officer may draw, at his option, leave salary equal to the average pay of the last 12 months of completed duty or to half such average pay. All leave on average pay, and half the period on half average pay is counted against the leave earned. An officer may take his leave on average pay, on half average pay, or on a combination of the two, provided that his continuous absence from duty does not exceed 28 months, and that the amount of leave taken on average pay does not exceed eight months at any one time. The maximum amount of leave admissible during an officer's career is the equivalent of leave on average pay for three years plus one-eleventh of the period spent on duty, of which not more than one year plus one-eleventh of the period spent on duty may actually consist of leave on average pay. Leave not due and carrying half average pay may be granted on medical certificate, and, within certain limits, for other reasons, but an officer will not again commence to earn leave until the expiration of a fresh period of duty sufficient to earn a credit of leave equal to the leave he has taken before it was due. After 28 months' absence from duty an officer draws quarter average salary, subject to certain maxima and minima.

3. Leave salary is ordinarily payable in rupees if the officer spends his leave in India or Ceylon, and in sterling if he spends it elsewhere. The rate of exchange for the conversion of leave salary is prescribed from time to time by the Secretary of State.

4. It should be noted that leave can never be claimed as of right, but is given or refused at the discretion of Government.

#### PENSIONS.

5. The following is a summary of the pension rules applicable to Engineers appointed to the Indian Services by the Secretary of State from the United Kingdom.

##### *Ordinary Pensions.*

6. An officer is entitled, on his resignation being accepted, to a retiring pension after completing qualifying service of not less than 20 years.

7. Retirement is ordinarily required at the age of 55 years, but for special reasons an officer is sometimes retained after attaining that age.

8. An officer becomes eligible for full retiring pension on completing 30 years qualifying service.

9. If before completing this period of service an officer is permitted to retire voluntarily after completion of 20 or more years' qualifying service (paragraph 6) or is compelled to retire on attaining the age of 55 (paragraph 7), he will be eligible for pension on the following scale:—

Completed years of qualifying service.	Maximum limit of pension.  Per annum.  Rs.	Completed years of qualifying service.	Maximum limit of pension.  Per annum.  Rs.

25	6,000	29	6,800
26	6,200	30	7,000
27	6,400		

10. Government may retire any officer after he has completed 25 years' service without giving reasons, and without any claim for compensation in addition to pension, and in that event the pension admissible to him will ordinarily be regulated on a scale not exceeding that laid down above. Government also reserves the general power to reduce the pension ordinarily admissible in all cases where an officer's service has been unsatisfactory.

11. An officer who is compelled to retire through ill-health not occasioned by irregular or intemperate habits will be eligible for invalid gratuity or pension as follows:—

- (a) After a service of less than 7 years a gratuity not exceeding (except in special cases and under the orders of the Government of India, up to a maximum of 12 months' emoluments) one month's emoluments for each completed year of service. If the emoluments of the officer have been reduced during the last three years of his service, otherwise than as a penalty, average emoluments may, at the discretion of the authority which has power to sanction the gratuity, be substituted for emoluments.

(b) After a service of not less than 7 years, a pension not exceeding the following amounts :—

#### Additional Pensions.

12. The Government of India have classified certain high appointments into two grades, the lower comprising those posts which involve high but intermediate responsibility, the higher consisting of those which require a marked degree of independent administrative and professional capacity. Officers who have held appointments listed in the lower grade will be entitled to an additional pension at the rate of Rs. 300 per year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 1,500 in respect of service classed in the lower grade. Officers who have held appointments listed in the upper grade will be entitled to an additional pension at the rate of Rs. 500 for each completed year of effective service rendered in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

13. These additional pensions will be awarded only to officers who have given proof of special energy and efficiency, and will be subject to the condition that an officer must not retire voluntarily before the age of 55 with less than 28 years' service.

The upper grade includes the Consulting Engineer to the Government of India and Chief Engineers of the Indian Service of Engineers.

The lower grade includes Superintending Engineers, Indian Service of Engineers, and the Deputy Secretary to the Government of India, Department of Industries and Labour, Public Works Branch.

#### PROVIDENT FUND.

14. A general Provident Fund, to which contribution is compulsory, has also been established on the following basis :—

- (1) The contribution is compulsory up to 6½ per cent. on salaries, with voluntary contributions of not more than a further 9½ per cent. Subscriptions on leave of any kind are optional.
- (2) Compound interest on such payments is annually credited by Government to each officer subscribing.
- (3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him unconditionally, on quitting the service; or, in the event of his death before retirement, to his legal representatives or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.

INDIA OFFICE, LONDON,

22nd April 1926.

ACCOUNTS,

No. 6.

To His Excellency the Right Honorable the Governor General of  
India in Council.

MY LORD,

I have considered in Council your Secretary's letter in the Finance Department dated 24th February 1926, No. F.-12-III-F.E., asking whether the penalty payable under rule 11 (3) of the Indian Civil Service Family Pension Rules should be calculated on the disparity fine.

Indian Civil Service Family Pension Rules: amendment of Rule 11 (3).

2. It has hitherto been the practice here as in India when penalties have been incurred by subscribers for delay in reporting marriages to levy the percentage increases on both marriage donations and disparity fines, and the rule as recast in its present form was intended to bear this interpretation. In order, however, to remove any doubt I have decided that the wording should be amended, and I enclose a Resolution I have made in Council effecting the necessary change in the Indian Civil Service Family Pension Rules.

3. I request that this Despatch with its enclosure may be published in the Gazette of India.

I have the honour to be,

MY LORD,

Your Lordship's most obedient humble Servant,
